1 there is planning. I do not know how
2 specific or what the specific
3 question --

4 Q. Well, with respect to
5 Station 6, do you currently have a
6 operating plan which specifies how
7 frequently that well will be pumping
8 water to the system?

9 A. The intent of Station 6 is
10 to deliver its rated capacity, which, I
11 believe, is on the order of 10 to 12
12 mgd. The delivery of that water to our
13 system would be in part through the
14 trunk main that has either been totally
15 constructed or is in the process of
16 being constructed that gives us the
17 ability to take that water and
18 distribute it more broadly throughout
19 the southeast Queens area.

20 Q. And with regard to the
21 delivery of 10 to 12 million gallons per
22 day of water from Station 6, is there
23 actually a plan in place today to
24 determine which wells will pump during
